*mix and mingle*

**Activity: 4:45 to 5:15**

*Disability Engagement Activity*

**End Time: 5:15 to 6:00**

*Mix and Mingle*

Life happens “for us” and not “to us” and because of that, we have to adapt and make the best of what we have both at home and in the work place. Consider for a moment your current work setting with all the expectations, cognitive complex tasks and relationships. The activity will help employers and individuals working with people with disabilities have a better understanding of how to individuals with disabilities overcome their limitations and turn them into strengths.
